HIGHER DEDICATION

# You can give access

to higher education. Access to a future that may have been unaffordable or unattainable without financial aid, on-campus housing, or Supportive Learning Services. Your donation makes it possible for AIC students to learn, grow, and become the leaders of tomorrow.

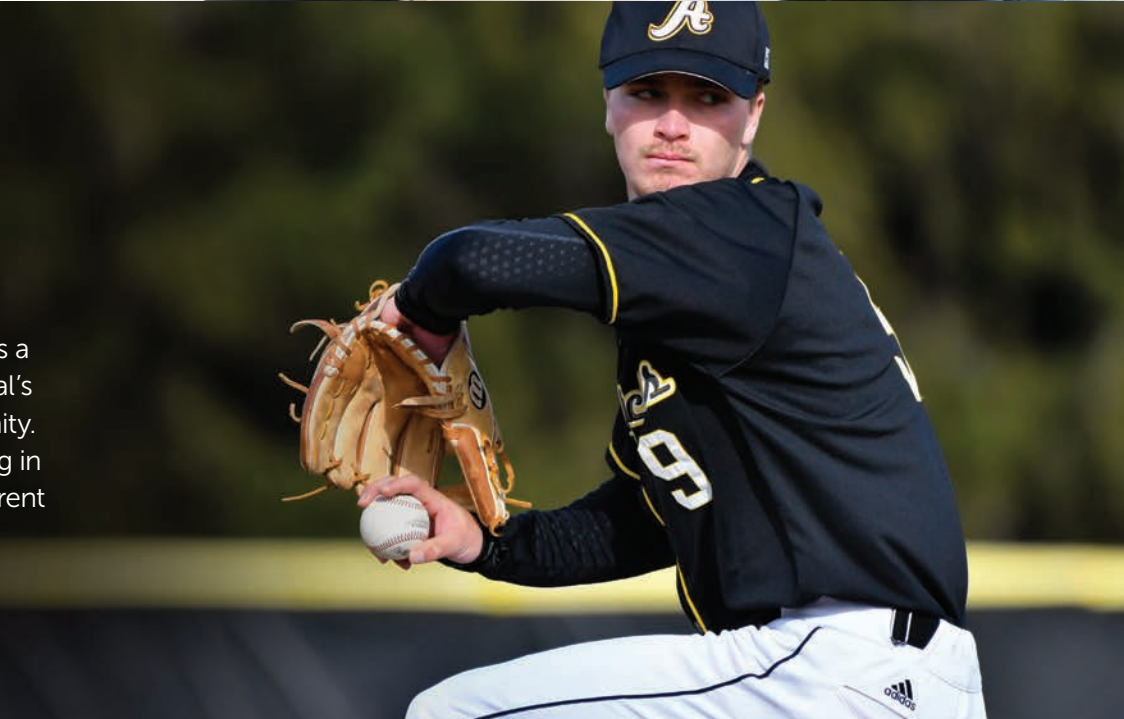

# You can give an opportunity

for higher education that can lead to success. An opportunity to learn in a positive, diverse, urban setting with faculty who are top in their fields. An opportunity for a student to find and explore a career path that may have been hidden.

# You can give the gift

of higher education. A gift that has a permanent impact on an individual's future, family, and their community. Investing in AIC's future is investing in the lives and successes of our current and future students.

AIC CAN ONLY DELIVER HIGHER EDUCATION WITH YOUR HELP.
