This is *your* hospital

From the Executive Director

As patients and loyal donors, you have always expected excellence—then helped us make it happen. You have empowered us to change the way healthcare works in our communities, by improving everything we have done, like:

- identifying unprecedented time and cost savings—that we could pass along to our patients;
- providing our medical and professional staff with educational opportunities and tools—allowing them to treat more patients more efficiently and responsibly;
- introducing state-of-the-art technology—to help patients manage their own health outside of the hospital; and
- offering community-based outreach programs, emphasizing good health and prevention—to reduce the need for nonessential hospital visits.

So what's the *future* of healthcare at New Milford Hospital?

It's the ongoing support of donors like you.

Your proven commitment to do whatever is possible and valuable already makes you part of a special group of donors—but there are two simple ways you can do even more.

Make a recurring gift. It's an easy and convenient way to ensure that support is always there—for you, your family, and everyone in your community who needs and deserves access to the best in medical care. A regular donation—charged electronically and automatically to a preferred credit card—is a simple way to transform a gift into impact.

Increase your current gift. As a loyal donor, you already understand the impact your own contributions have made. Yet, the collective effect of every faithful contributor's increasing his or her gift to the next level is powerful beyond words.

New Milford Hospital is your hospital. Continue to expect excellence.

Thomas J. Koobatian

Western Connecticut Health Network

We are the Western Connecticut Health Network: Danbury, Norwalk and New Milford Hospitals.

We take pride in keeping people well—not just treating the sick. We take heart that no matter how great the challenge, every medical history can become a brighter medical future—here.

Our mission is to demonstrate both individual and network-wide commitments to our communities:

- Excellence: *To deliver the highest quality of care*
- Integrity: *To maintain the highest standards of openness, honesty and ethical behavior*
- Compassion: *To serve others with empathy*
- Teamwork: *To work together in a cooperative, coordinated and supportive environment*
- Fiscal Responsibility: *Through efficient and effective use of our resources*

Health doesn't begin in a hospital. To truly heal someone is to know them inside and out. We promise to do that better than anyone else.

This is no ordinary hospital. It's your hospital. Let me show you how you have made it special.

Emergency and trauma care.

Sometimes care begins before you arrive at our doors...

- Automatic External Defibrillators for communities
- Endovascular Stroke Teams
- Pre-hospital EKG technology

It's a community effort.

- Diebold Family Cancer Center Walk & Run

Health doesn't begin—or end—in a hospital.

- Western CT Medical Group Primary Care Offices
- Ongoing and continuing education and nursing scholarships
- WCMG-NOW Telehealth
- EatingWell Plow to Plate® Healthy Meals program

“The Emergency Department team saved our little girl and supported us during the darkest day of our lives.”

Kids are people too.

- Pediatric Development & Therapy Center (PDTC)

“I couldn't have done it without you!”

Kathy Kelly

Cancer care: When only the best will do.

A healthcare network built for people

- Community Care Teams for our most vulnerable neighbors
- Lyme Disease Biobank
- Critical Care Teams
- Expanded clinical space – Arnhold Emergency Department

thanks to you.
