

Honoring Your Giving Anniversary

Dear entity_first_name,

We're writing to honor you. How we celebrate birthdays and weddings has changed, but the importance of marking these days is more meaningful than ever. Your giving anniversary is another beautiful milestone.

What a difference your generosity has made since [XXXX year]! We want to thank you for helping fuel the future of engineering and acknowledge your support of our students and faculty.

We understand that your life may have changed radically this year. If you are able to renew your support, please know your gift of any amount, at any time, makes a profound difference.

It takes a community of supporters like you to ensure that we remain at the forefront of groundbreaking research and innovation—for the health crisis we face today, and for what's next. Your gift to the [Engineering Fund or Dept.] gives us the flexibility to hire outstanding faculty, provide programs that shape future leaders, and equip cutting-edge facilities where our faculty and students solve tomorrow's problems.

We hope that you can continue to make us a philanthropic priority again this year and preserve your Stanford Loyal status.* Together we can continue confronting the greatest challenges of the 21st century, and move closer to better days ahead.

Thank you for being part of the solution.

Sincerely,

Nyjeri Whipps
Director of Annual Giving

P.S. You can use the enclosed envelope and reply form, or save time and give online at givingeng.stanford.edu

*Donors are recognized as Stanford Loyal when they give to Stanford three or more consecutive fiscal years, including at least one gift to an annual fund in one of the past three fiscal years.

"To me, the draw of teaching is helping someone understand something new. It's pretty amazing to watch someone have an "aha!" moment – to see them not only understand a topic conceptually, but begin to think about the power it will afford them in the future. Being in a position to help students have that moment is incredibly fulfilling for me."

Mehran Sahami

Professor (Teaching) of
Computer Science

Stanford

ENGINEERING | The Engineering Fund

Yes, I will help engineer a better world.

Designate gift to:

The Engineering Fund Dept of _____

2xMRG 1.5xMRG Renewal Other \$ _____

Your participation the last four fiscal years:

FY17	FY18	FY19	FY20
