**AVON OLD FARMS
ANNUAL GIVING**
Honoring Tradition. Inspiring Excellence.™

Dear Will,

We all have our own memories of why Avon was so impactful and transformational during our time at school. Whether they were formed on the field, in the classroom, the music or theater departments, with faculty, in the dorm, friends, or all of it, the bonds we built here enriched our lives. Philanthropy created this for us and now it's our turn to do the same.

Last year, 12% of alumni participated in the annual fund. The Class of ____ had a total of ____ alumni make a gift. This year, I know we can improve alumni participation if we all work together. We are challenging your reunion class to reach a ____% participation rate.

Thank you for your ongoing contributions to Avon. Avon's building principle will always be to do what is best for each boy and his personal development—not only so he can become a leader while at Avon, but throughout life. Your ongoing annual support ensures we can maintain this tradition and provide support to all Avonians. Please renew your support with a gift of \$25.

Aspirando et perseverando,
