

Parent Partners Program

NC STATE UNIVERSITY

Should you choose to designate your gift to the Parents Fund, your gift will support the Division of Academic and Student Affairs and its nearly 50 programs:

- > Wellness programs and initiatives, including NC State Wellness and Recreation, which serves 90% of students living on campus, and the Counseling Center, which supports students' academic, emotional and social needs
- > The Alternative Service Break program, which provides an experiential education by allowing students to engage in direct service to a community while being immersed in the culture
- > The Feed the Pack food pantry, a community-based effort to combat food insecurity experienced by members of the Wolfpack, which is led by our students and supported by NC State Leadership and Civic Engagement
- > Mentoring from the Fellowship Advising Office for our high-performing students who are applying for prestigious, nationally competitive awards such as the Rhodes, Churchill, Fulbright, Goldwater and Truman scholarships
- > The Career Development Center, which helps students plan careers, write resumes and cover letters, prepare for interviews and apply for internships and graduate school

Parent Partners Program

The members of the Parent Partners Program are an exclusive group of parents who believe in the power of philanthropy to enhance their children's NC State experience. This organization of parents is using its resources to deliver successful outcomes to NC State's current students, while ensuring that the next generation will be able to think and do the extraordinary.

We invite you to join the Parent Partners Program by making an annual gift to NC State of \$1,000 or more. Many parents choose to give to the Parents Fund at NC State, which supports the outstanding programs and services of the Division of Academic and Student Affairs, as outlined on the next page. However, a gift to any area of NC State that you and your child are passionate about will qualify you for the Parent Partners Program.

As a Parent Partners Program member, you'll be able to connect with NC State parents from across the country, and you'll have access to a range of special opportunities:

- > Insider emails from the Division of Academic and Student Affairs
- > Periodic communications from campus leadership, offering direct insight into the wide range of opportunities and events at NC State
- > Invitations to webinars and special events
