

November 12, 2020

Hello Rebeca,

Jasmine is a student who is on track to graduate from Humboldt State with the help of HSU's Student Success Scholarship. It provides students much needed financial support, which has a direct positive impact on their academic experience.

Thanks to generous donors like you, **more than \$108,000 in Student Success Scholarships have supported nearly 370 deserving students. We need your help to keep making a difference for students like Jasmine:**

*"Receiving a scholarship has greatly impacted my educational goals. The generosity of donors from my past two years at Humboldt State University have allowed me to focus my efforts on my academics. Without these scholarships, I believe my academic performance would have been hindered by financial concerns. Thank you!"*

*Jasmine Collins, Chemistry, '22*

When I hear stories like hers, I think about how vital it is to make a degree from Humboldt State accessible to all students. I was fortunate to receive a scholarship upon entering Humboldt State as a freshman and it helped give me the confidence to continue my academic path.

**Will you consider supporting students next year with a monthly gift of \$50 or a one-time gift of \$250 to the HSU Student Success Scholarship?**

**Please help a student's dream of graduating from college come true today!**

Sincerely,

Stephanie Lane '04 & '16  
Director of Alumni Relations

**P.S. Use the enclosed card to make a gift to any scholarship you wish. A gift of \$83.34 a month can fund an additional \$1,000 scholarship per year!**
