

# YOUR SUSTAINING LIFE MEMBERSHIP GIFT HAS NEVER MATTERED MORE—THANK YOU!

Dear Stanley,

As a Life Member, you know the strength of the Michigan alumni network better than anyone—grounded by a world-class education that has stood the test of time, our alumni have been changing lives and the world for centuries.

Here at the Alumni Association of the University of Michigan, we're constantly working to enhance programming designed to help alumni, like you, leverage the power of this network during the times it's needed most.

Your Life Membership dues have helped launch career opportunities and online tools for alumni in every phase of life, but as our world changes, so do alumni needs. We are dedicated to keeping alumni engaged in this new digital climate, but we need your help.

A sustaining Life Membership gift goes toward improving existing programs and developing new ones. Today I want to personally invite you to join fellow Life Members who have stepped forward to make this gift. **You, too, can continue to demonstrate your loyalty with a tax-deductible gift, of any size, and make your mark on your Alumni Association's future.**

Your sustaining Life Membership gift will support necessary resources for Michigan alumni, like:

## ALUMNI CAREER SUPPORT SCHOLARSHIP

A new program that helps job seeking alumni access highly qualified coaches and support for significant career changes, despite their financial circumstances.

## ALUMNI EDUCATION GATEWAY

A virtual library of information that provides alumni with timely information from trusted University of Michigan resources, including COVID-19 findings from Michigan Medicine.

## ALUMNI ONLINE COMMUNITIES

An online space where alumni from more than 90 countries are coming together (safely) to engage around special interests, discuss hot topics, and reconnect with old friends through the Alumni Directory.

Membership dues largely fund these opportunities that will keep Wolverines engaged and supported through uncertain times. I hope you join me in making a sustaining Life Membership gift by December 31, 2020. Your continued support is greatly appreciated and is critical to the success of our alumni community, now more than ever.

Thank you, and Go Blue!

Steve Grafton  
President and CEO
