integrity

Newark Academy students work hard and dig deep. They wrestle with big ideas, take on inventive projects, and collaborate, pushing forward until they have learned more together than any one of them believed possible.

Your support enables young minds to go further at Newark Academy, propelled by **infectious curiosity, genuine fascination, and the joy of discovery.**

The Newark Academy community strives to **celebrate difference and practice genuine inclusion.** We recognize the profound value of learning beside, listening to, and truly knowing people of many perspectives, cultures, beliefs, and backgrounds.

Your support helps our students develop the same compassionate curiosity about themselves that they extend to others, learning to reflect thoughtfully upon their own ideas, identities, opinions and emotions.

NA educators recognize their students as uniquely promising individuals and inherently valuable people. Students, in turn, learn to treat themselves and each other with the same respect and acceptance as they **try new things, learn from mistakes, and build mastery.**

Your support encourages the growing strength and maturity of each child as they exercise a sense of ownership over and responsibility for themselves, their classmates, community, and their own learning experiences.
