May 2021

Dear <PREF NAME>,

This time last year, the world had shut down. Everything was contracting and seemingly uncertain. Strong leadership and innovative solutions at both the School and College allowed both campuses to open and continue mostly in person throughout the year. With the prayerful and financial support of our alumni and friends, along with the disciplined cooperation and support of students, families, faculty, and staff, this academic year at Principia was an unprecedented success. Thank you!

Now, planning is underway for next year. Thought and activity are expanding. Students are eager to excel, and they have a new appreciation for the classroom experience. As we prepare to return to full athletics schedules and resume academic trips this fall, student engagement will deepen—and Principians will go out to bless their local communities and the world.

We invite you to join us! **A gift today, as we wrap up this remarkable school year and prepare for ongoing progress next year, will ensure Principia can provide these exciting new opportunities.** Your gift will enable all of our students to participate in the full spectrum of educational and co-curricular activities that are part of a robust, progressive educational experience at every level. Help promote the expansiveness of thought and action that will be so profoundly welcome as we say goodbye to the 2020–2021 academic year and prepare for 2021–2022!

Your support helps Principians realize their potential and embrace infinite possibilities.

Best wishes,

Barbara Blackwell
Chief Advancement Officer

P.S. Make a gift by June 30 at principiagiving.org/newyear or by mail with the enclosed remit card and envelope.
