## Your Generosity Makes a Difference

**Madeline Miller '21, UNCW psychology major**

“ I am a senior at UNCW who has had quite the college journey. With a rare neurological disorder, I have required several brain surgeries over that past two years. Ever since I was diagnosed, I have wanted to conduct research using my own brain scans. The scholarship I received has made that possible. The goal of my research is to identify a non-invasive way to diagnose patients with cerebrospinal fluid disorders. I hope to be able to make a difference in the lives of others with similar conditions. My appreciation for the experiences my scholarship has afforded me is greater than these words can convey.”

### A Special Invitation for <<combinedformal>>

You are invited to be part of the UNCW Society, the university’s premier annual giving society. It was an honor to count you among this influential group of donors in the past as <<UNCW level>>.

Your support is more critical than ever as UNCW continues to adapt to the changing landscape caused by COVID-19. Your gift helps address immediate student needs while positioning the university to seize important opportunities that lie ahead. Scholarships, research experiences and access to great faculty, programs and facilities are all possible because of donors like you.

Four levels of philanthropic leadership provide exclusive opportunities for greater involvement with the university. As your investment in UNCW grows, so will the academic achievements of our students. **Renew your support and be recognized in the 2020-21 UNCW Society!**
