

**TOGETHER WE
THRIVE**

What does it mean to thrive? Sometimes, it means transforming challenges into opportunities for growth. While this has been a year like no other, it has also been a year in which our community has continued to thrive. We are connecting and learning in new ways, thanks to countless hours of preparation and innovative thinking by our teachers, the dedication of our students and strong partnerships with our families.

The generosity of parents, alumni, and friends is the foundation that enables us to thrive in adversity. Your commitment to the Annual Fund means that Princeton Day School has the flexible resources to meet challenges like the ones we met this year and to provide students with the best possible experience every day.

Together, let's help our school continue to thrive — support PDS today!

The \$55 million *THRIVE!* Campaign has provided significant support for financial aid and faculty professional development and has transformed our campus through the additions of the Wellemeyer STEAM Center, Isaac's Greenhouse and the Princeton Day School Athletic Center. The Annual Fund is an integral part of the campaign, providing essential resources that support our students and faculty every day.

MAKE YOUR ANNUAL FUND GIFT TODAY

Gifts must be received by June 30, 2021
to be counted in the 2020–2021 Annual Fund.
