

KEAN UNIVERSITY
FOUNDATION

The Future Scholarship Fund

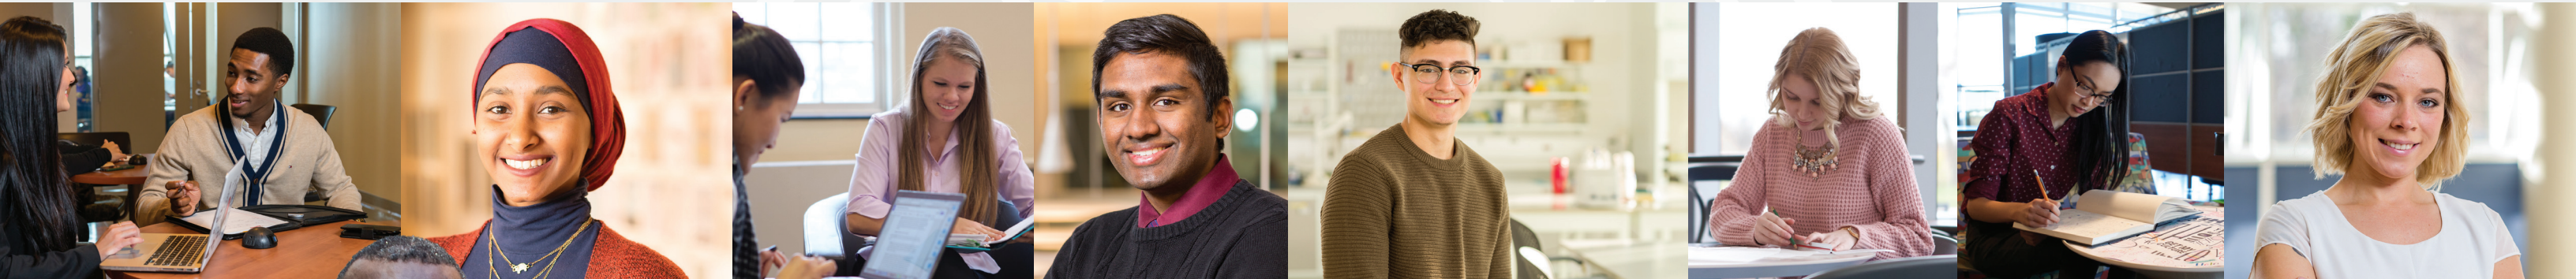

“There is something special about Kean University... it is like family and home.”

“Kean opened the world to me. The University gave me the chance to learn, to grow, and to find myself.”

“I might not have had the opportunity to fulfill my dream.”

“Kean University taught me that I had the perseverance, even as a first-generation student, to be successful.”

Dr. Lamont O. Repollet, Ed.D.
President, Kean University

The Future Scholarship – A Lasting Tribute

Lamont O. Repollet, Ed.D. was selected as the 18th leader of Kean University by unanimous vote of the Kean University Board of Trustees on May 11, 2020, following a comprehensive national search. He assumed the presidency on July 1, 2020, succeeding Dawood Farahi, Ph.D. who had served in the role since 2003.

A Kean alumnus and former member of the Board of Trustees, Repollet is a thoughtful and charismatic educator. In his first few months as our new leader, he has already put Kean on the road to boldly expand its commitment to safety, academic excellence, and equity.

In recognition of Dr. Repollet's appointment, his fraternity brothers established the Future Scholarship Fund with an initial commitment of \$25,000. Thanks to early leadership support, more than \$50,000 has already been raised.

A Commitment to Talent and Excellence

Would you like to transform lives? Create possibilities? Incite real positive change? You can with your gift to the Future Scholarship Fund.

Kean University is propelled by the bold idea that education is not static or for its own sake. Rather, it is the living expression of insights that incite change – one person at a time being moved to change lives, neighborhoods, and the world.

Tomorrow's immense challenges will require problem solvers who can think critically, communicate effectively, and work comfortably across multiple cultures. Kean University is committed to preparing all its students to be tomorrow's leaders; those who will tackle the world's biggest problems – even as we provide them with opportunities to explore their own ideas and exercise leadership today.

Bringing together students from different backgrounds – socioeconomic, cultural, geographic – creates a richer learning environment for all. Kean University is proof that talent comes from all over. Our students come from 51 different countries and we have the most diverse composition of students in the nation.

Your Impact

Building and maintaining our diverse student body requires a strong, competitive financial aid program that meets the needs

of every student. It is often the most talented students who lack the financial resources to attend Kean, with 82% of our undergraduates currently relying on financial aid.

Scholarship support is almost always a significant – if not deciding – factor in these talented students choosing Kean. Future Scholarship Fund awards will help these most-driven individuals begin their success stories right here at Kean.

Moving Forward with Momentum

The University has a long and proud tradition of inciting positive change. Combined with our proven track record of accomplishment, Kean University is uniquely positioned to substantially enhance its standing as a leading institution of higher education, one known for its academic rigor, intimacy, and commitment to its students.

Today, the challenges of society align more than ever with our strengths and beliefs. Under Dr. Repollet's leadership, our vision compels us to expand our initiatives beyond conventional horizons and actively engage people and ideas in relationships that transform lives for the better. We look forward with confidence.
