Alumni advice for your
best academic year!

See
what's in
Touchdown's
suitcase!

This time of year always reminds us of returning to campus. A fresh start, new school supplies, and the wide-open possibilities of the semester waiting to be revealed.

This year, you can help students have their best year ever. ❤️

Share your advice for a current student by dropping the attached postcard in a mailbox near you or by scanning the QR code above. Everything from what to pack in your suitcase to your favorite Cornell bucket list item is fair game. We'll make sure they get your message!

You can also help students by making a gift of any size to any area you love at Cornell. Just scan the QR code to get started. When we join our gifts together, we can turn our fond memories into new experiences for current Cornellians, help even more students afford Cornell, and make the world a better place.

Thanks for supporting your Big Red community!
